# BC Graduation Program

BC's Graduation Program will continue to require all students to successfully complete 80 credits in grades 10, 11, and 12, and write three provincial assessments: Grade 10 Literacy, Grade 10 Numeracy and Grade 12 Literacy assessments.

There will be an opportunity for students to re-write the Provincial Graduation Assessments to improve their achievement level. Until graduation, students may write a Provincial Graduation Assessment up to three times: the original attempt and two re-writes.

### Terminology for Course Requirements

- **“Recommended standard”** means any students below this standard will likely experience difficulty in the course if they choose to take it. Students require parental consent to enrol and must be committed to completion of the course.
- **“Pre-requisite”** means a specific course must be successfully completed before another course at the next grade level.
- **“Co-requisite”** means another course that is taken simultaneously with this course.

## The Right Way to Choose a College

What students do at college matters much more than where they go. The key is engagement, inside the classroom and out.

## CREATE A LIST OF IMPORTANT CONSIDERATIONS

- Unique programs or opportunities – Cooperative education, undergraduate research, combined studies, cohort programs, etc.
- Class size – Contact with instructor and classmates.
- Culture of university, college or institute, city, and distance from supports.
- Religious, athletic, and extracurricular activities.

Consider starting at a smaller post-secondary school and benefit from much smaller classes, focus on teaching (not research), similar environment, lower admission requirements, university transfer or full degree options, with a highly specialized and diversity of programs.

UBC reserves a full one third of their upper level new student seats for Transfer students

## Starting at college a smart move for B.C. students

# KEY MESSAGES TO STUDENTS

- Universities will look at your grades in nearly ALL your academic Gr.11 and Gr.12 courses.
- Particular attention to courses related to what you want to study at university. If you have the course at both the Gr.11 and Gr.12 level, more emphasis will be placed on the Gr.12 grade.
- Be aware that having the highest grades is not the only way to get in – challenging yourself by taking more courses or more rigorous courses can also be beneficial.

# UBC Admissions

**Grade 12** is a very important year to achieve academically, be involved in extra-curricular, community service and the school in general, and to establish yourself as an individual with solid character, a strong work ethic, maturity, self-discipline, and responsibility. Post-secondary admission decisions will be based primarily upon your performance in grade 12.

Create a **broad plan with back up** – never assume anything – you, your grades, your finances, your interests – lots and lots of things will change by the time you are finishing grade 12.

**KEEP  
CALM  
AND  
PLAN  
B**
